

Kuranga native nursery
and paperbark café

GENERAL plant stocklist 2021

Kuranga Native Nursery grows an extensive range of native plants. Most species are available throughout the year while some species, being rare or difficult to propagate, may only be available in limited numbers.

All stock on this list is grown in 14cm (6") pots. Those varieties which are marked with an asterisk (*), are also often available in 20cm (8") pots and 25cm (10") pots.
