AQUATICS AND BOG PLANTS (located near pond)

<i>Baloskion tetraphyllum</i> *	Tassel Cord-rush	Lovely clump, decorative foliage, reddish/brown tassels Sp-S. Shallow water.
<i>Carex appressa</i>	Tall Sedge	Tussock. 40-60cm x 40-60cm. Yellow/brownish spikelets Sp-S. Moist-wet.
<i>Carex breviculmis</i>	Short-stem Sedge	Tufted sedge 15cm high. Flr spikes Sp-S. Moist depressions to exposed slopes.
<i>Carex fascicularis</i>	Tassel Sedge	Drooping spikelets Sp-S. 1m x 1m. Sun or shade. Pond or bog plant.
<i>Carex gaudichaudiana</i> *	Tufted Sedge	Tufted sedge. 10-90cm high. Erect flr spikes Sp-S. Sun, semi-shade. Water's edge, bog.
<i>Carex tasmanica</i>	Curly Sedge	Tufted sedge to 40cm high. Flr spikes Sp. Sun or semi-shade, moist - wet.
<i>Centella cordifolia</i>	Swamp Pennywort	Creeping groundcover 1-2m. Kidney shaped leaves. Tiny white flrs. Moist - wet.
<i>Chorizandra cymbaria</i> *	Heron Bristly-sedge	Attractive erect rush, grey foliage, 60cm x 60cm. Brownish globular flr-heads Sp.
<i>Eleocharis acuta</i>	Common Spike-sedge	Semi aquatic, erect foliage, 30-60cm high, straw glumes, tinged brown Sp-Aut. Water-pond edge, moist.
<i>Eryngium vesiculosum</i>	Prickfoot	Small tufted herb, toothed leaves; pale blue globular flrs Sp-S. Moist.
<i>Empodisma minus</i>	Spreading Rope-rush	Wiry stems 50cm x spreading rhizomes. Brown spikelets Sp-S. Sun, semi-shade. Moist.
<i>Ficinia nodosa</i>	Knobby Club-sedge	Rush-like, 1m high. Unusual decorative globular 'seed heads' most of year. Moist.
<i>Gahnia sieberiana</i> *	Red-fruited Saw-sedge	Tall sedge to 1.5-3m x 2m. Pendulous leaves. Loose spikelets. Sp-S. Moist.
<i>Goodenia humilis</i> *	Swamp Goodenia	Matting, suckering herb 80cm-1m. Yellow flrs Sp-S. Sun-semi-shade, moist.
<i>Lepyrodia muelleri</i> *	Common Scale-rush	Spreading rush 40- 60cm. Pale brown flr spikes S-Aut. Sun, semi-shade, moist.
<i>Lythrum salicaria</i>	Purple Loosestrife	Bush 1-2 m; Showy clustered tubular purple flrs S-Aut. Moist- wet.
<i>Marsilea costulifera</i> *	Small-leaf Nardoo	Aquatic. Small light green clover foliage. Sun, semi-shade. Shallow water -wet.
<i>Marsilea drummondii</i> *	Common Nardoo	Aquatic. Large floating silverish clover foliage. Sun, semi-shade. Shallow-deep water.
<i>Mazus pumilio</i>	Swamp Mazus	Spreading suckering, 50-80cm. Mauve flrs Sp-S. Sun, semi-shade. Moist.
<i>Mimulus repens</i>	Creeping Monkey-flower	Spreading to 1m. Mauve flrs, yellow centre Sp-Aut. Sun, semi-shade. Moist. Clay, loam, sand.
<i>Myriophyllum species</i> *	Milfoil	Aquatic. Floating, fine fern-like foliage. Sun, semi-shade. Shallow-deep water.
<i>Selliera radicans</i>	Shiny Swamp-mat	Creeping, succulent foliage. White fan shaped flrs Sp-Aut. Moist- wet.
<i>Triglochin procera</i> *	Water Ribbons	Ribbon-like floating leaves. Greenish flr spikes Sp-Aut. Shallow-deep water.
<i>Triglochin striata</i>	Streaked Arrowgrass	Fine, strappy floating leaves. Greenish flrs Sp-Aut. Shallow water, pond edge.

CLIMBERS

<i>Billardiera longiflora</i> - see <i>Billardiera mutabilis</i>		
<i>Billardiera mutabilis</i> *#☞	Purple Apple-berry	Attractive, light climber, greenish bell flrs Sp. Deep purple berries. Sun, semi-shade.
<i>Billardiera scandens</i> *#☞	Common Apple-berry	Light climber. Yellow-green bells most of year. Green fruits. Sun, semi-shade.
<i>Clematis aristata</i> *☞	Old Man's Beard	Medium climber. Masses large white flrs Sp-S. Decorative feathery seed-heads.
<i>Clematis microphylla</i> *#	Small-leaved Clematis	Medium climber. Creamy star flrs Sp. Sun, semi- shade. Clay, loam, sand.
<i>Clematis pulchella</i> *	Love Creeper	Delicate climber/twiner, slender leaves, profuse blue butterfly-like flrs Sp.
<i>Glycine clandestina</i> *#	Twining Glycine	Light climber. Clusters of pale purplish pea flrs Sp-S. Sun, semi-shade.
<i>Hardenbergia violacea</i> *	Purple Coral Pea	Medium climber. Clusters of deep purple pea flrs W-Sp. Sun, semi-shade.
<i>Pandorea pandorana</i> *	Wonga Vine	Vigorous. Decorative foliage, cream flrs with purplish throat, Sp. Sun, semi-shade.
<i>Parsonia brownii</i> *	Twining Silkpod	Medium climber, small yellowish flrs Sp. Pendulous seed pods. Sun, semi-shade.

GRASSES, LILIES AND TUFTING PLANTS

<i>Arthropodium fimbriatum</i> *	Nodding Chocolate - lily	Tufted lily. 20-80cm high, mauve to violet vanilla scented flrs Sp-S. Sun, semi-shade.
<i>Arthropodium milleflorum</i> *#	Pale Vanilla-lily	Tufted lily, 20-40cm high. Vanilla scented pale mauve flrs Sp-S. Sun, semi-shade.
<i>Arthropodium minus</i> *	Small Vanilla-lily	Grass-like tuft, 20-30cm high. Sweetly scented purple flrs Sp-S. Sun, semi-shade.
<i>Arthropodium strictum</i> *#	Chocolate Lily	Tufted lily, 20-40cm high. Chocolate scented mauve flrs Sp-S. Sun, semi-shade.
<i>Austroanthonia caespitosa</i> - see <i>Rytidosperma caespitosum</i>		
<i>Austroanthonia geniculata</i> - see <i>Rytidosperma geniculatum</i>		
<i>Austroanthonia racemosa</i> - see <i>Rytidosperma racemosum</i>		
<i>Bulbine bulbosa</i> *#	Bulbine Lily	Clumping grass-like herb. Yellow flrs on stems to 60cm Sp-S. Full sun, semi-shade.
<i>Bulbine glauca</i> *	Rock Lily	Erect tufting clump 50cm high, Yellow star-like flrs Sp-S. Well drained soils, full sun.
<i>Burchardia umbellatum</i> *	Milkmaids	Dainty tufted herb to 20-30cm. White, honey scented star flrs Sp. Full sun, semi-shade.
<i>Caesia calliantha</i> *	Blue Grass-lily	Tufting herb 20-30cm high lilac to deep blue flrs Sp-S. Full sun, semi-shade.
<i>Caesia parviflora</i> var. <i>parviflora</i>	Pale Grass-lily	Tufting 20-30cm herb. White/pale blue flrs Sp-S. Moist, well drained soils.
<i>Dianella amoena</i> *	Matted Flax-lily	Rare suckering plant, 45cm high. Sweetly scented pale blue flrs S. Blue berries.
<i>Dianella caerulea</i> - see <i>Dianella laevis</i> var. <i>aspera</i>		
<i>Dianella laevis</i> var. <i>aspera</i> *	Rough Flax-lily	Spreading tuft 40-80cm x 1.2m. Blue flrs Sp-S. Blue-purple globular fruits.
<i>Dianella laevis</i> var. <i>laevis</i>	Pale Flax-lily	Clump 60cm x 60cm. Pale blue flrs Sp-S. Dark blue/purple berries.
<i>Dianella longifolia</i> - see <i>Dianella laevis</i> var. <i>laevis</i>		
<i>Dianella sp.aff.revoluta</i> *#	Coastal Flax-lily	Tufting clump 40-60cm. Pale blue flrs Sp-S. Shiny dark purple/blue berries.
<i>Dianella tasmanica</i>	Tasman Flax-lily	Attractive suckering clump 80cm-1m x 1m. Blue flrs Sp-S. Violet-blue berries.
<i>Dicanthemum sericeum</i>	Silky Blue-grass	Ornamental grass, 30-50cm high. Blue-grey foliage. Silky seed heads Sp-S.
<i>Dichelachne crinita</i>	Long-Hair Plume-grass	Widespread in Melbourne. Ornamental grass, 10cm high. Showy plumes Sp-S.
<i>Diplarrena moroaea</i> *	Butterfly Flag	Rare in Melbourne. Tufting to 1m, strap leaves, white iris-like flrs Sp-S.
<i>Entolasia stricta</i>	Wiry Panic	Wiry grass to 60cm. Spikelets Sp-S. Sun, semi-shade. Dry, sandy soils.
<i>Hypoxis hygrometrica</i> var. <i>villosisepala</i>	Golden Weather-grass	Rare in Melbourne. Tufting herb, 5-20cm. Delicate yellow star flrs Sp-S.

All tubes are \$2.95 except those marked with * which are \$3.95 each. Total price including GST.

Bushfood plants
 ☞ Bird attracting plants

<i>Lomandra filiformis</i> ssp. <i>filiformis</i> *☞	Wattle Mat-rush	Grey tussock, 20-40cm high. Creamy flrs Sp-S. Butterfly attracting.
<i>Lomandra longifolia</i> var. <i>longiflora</i> ☞	Spiny-headed Mat-rush	Robust clump, 1m x 1m. Scented, cream/yellow flrs Sp-S. Clay, loam, sand.
<i>Lomandra micrantha</i> *☞	Small-flowered Mat-rush	Small clump, fine grey foliage, 30-40cm high. Pale lemon flrs W-S.
<i>Lomandra multiflora</i> *☞	Many-flowered Mat-rush	Attractive clump, grey strappy foliage, 30-50cm high. Yellow flrs W-S.
<i>Lomandra nana</i> *☞	Dwarf Mat-rush	Tufted clump, 15cm high. Blue-grey foliage. Clusters creamy/white flrs Sp-S.
<i>Microlaena stipoides</i> ☞	Weeping Grass	Native substitute for lawn. Weeping greenish flr spikes Sp-S. Clay, loam, sand.
<i>Patersonia fragilis</i> *	Short Purple-flag	Delightful native iris, 20-50cm high. Vivid 3-petalled purple flrs Sp-S.
<i>Patersonia occidentalis</i> *	Purple-flag	Showy clump, 30-50cm. Purple iris-like flrs, Sp- S. Well drained, moist.
<i>Poa ensiformis</i> ☞	Purple-sheath Tussock-grass	Dense grass, 50-70cm high. Dark green leaves, purple sheaths at base. Loam, sand.
<i>Poa labillardieri</i> var. <i>labillardieri</i> ☞	Common Tussock-grass	Dense grey tussock 80cm-1m x 1m. Green to purplish spikes, 1.2m high Sp-S.
<i>Poa morrisii</i> ☞	Velvet Tussock-grass	Dense grass, 30cm high. Velvety greyish foliage. Pale purplish spikes Sp-S.
<i>Poa poiiformis</i> var. <i>poiiformis</i> ☞	Coast Tussock-grass	Dense grass, 80cm-1m x 1-1.2 m. Bluish/green foliage. Green spikes Sp-S.
<i>Poa sieberiana</i> var. <i>sieberiana</i> ☞	Grey Tussock-grass	Dense, fine wiry foliage, 30cm x 30cm. Green spikes Sp-S. Sun, semi-shade.
<i>Rytidosperma caespitosum</i> ☞	Common Wallaby-grass	Dense tussock .Cream seed heads Sp-S. Full sun, semi-shade. Clay, loam.
<i>Rytidosperma geniculatum</i> ☞	Knead Wallaby-grass	Slender, fine wiry grass, 20cm x 30cm wide. Fluffy seed heads Sp-S.
<i>Rytidosperma racemosum</i> ☞	Clustered Wallaby-grass	Dense tussock, 20cm x 30cm. Cream seed heads Sp-S. Sun, semi-shade.
<i>Stylidium armeria</i>	Thriff-leaved Triggerplant	Tufted herb 20-40cm high x 20-40 cm wide. Pale to bright pink-purple flrs ,throat white with purple or yellow tips Sp-S. Full sun, semi-shade. Moist, well drained soils
<i>Stylidium graminifolium</i> - see <i>Stylidium armeria</i>		
<i>Thelionema caespitosum</i> *	Tufted Blue Lily	Greyish, grass-like foliage, 40-60cm. Vibrant blue starry flrs on tall stems S.
<i>Themeda triandra</i> *	Kangaroo Grass	Attractive, grassy tussock, 40-60cm. Decorative coppery brown seed heads Sp-S.
<i>Thysanotus tuberosus</i> *	Common Fringe-lily	Delicate tuft, 15-30cm high. Fringed mauve flrs on wiry stems in Sp-S.
<i>Trichoryne elatior</i> *	Yellow Rush-lily	Wiry grass-like clump 10-40cm. Dainty, bright yellow star flrs Sp-S.
<i>Xanthorrhoea minor</i> ssp. <i>lutea</i> ☞	Small Grass Tree	Slow-growing grassy clump, cream flr spikes to 1.3m Sp-S. Sun, semi-shade.
<i>Xyris gracilis</i> *	Slender Yellow-eye	Rush-like, leafless wiry stems, 30-40cm. Dark buds, bright yellow flrs Sp-S.
<u>GROUNDCOVERS</u>		
<i>Acacia aculeatissima</i> *☞	Snake Wattle	Fine trailing foliage, prostrate x 1m. Yellow ball flrs late W-Sp. Sun, semi-shade.
<i>Acrotriche prostrata</i> *#	Trailing Ground Berry	Trailing x 1.2m. Tiny tubular greenish nectar-laden flrs W-Sp. Sun, semi-shade.
<i>Acrotriche serrulata</i> *#	Honey Pots	Low, cushion-like x 50cm. Tiny greenish, nectar laden flrs W-Sp. Sun, semi-shade.
<i>Ajuga australis</i>	Austral Bugle	Spreading herb, 20-30cm x 30-60cm. Brown/red foliage. Purple spike flrs Sp-S.
<i>Astroloma humifusum</i> *☞	Cranberry Heath	Dense, spreading 10cm x 1-1.5m. Bright red tubular flrs W-Sp. Full sun, semi-shade.
<i>Atriplex semibaccata</i>	Berry Saltbush	Spreading shrub 20cm x 1-3m. Clusters of small flrs Sp-S. Red fruit in Aut. Sun, dry.
<i>Baeckea ramosissima</i> - see <i>Euryomyrtus ramosissima</i> ssp. <i>ramosissima</i>		
<i>Bossiaea prostrata</i> *☞	Creeping Bossiaea	Ornamental, layering plant x 50cm. Small oval leaves. Yellow/brown pea flrs Sp.
<i>Brachyscome basaltica</i> var. <i>gracilis</i> ☞	Basalt Swamp-daisy	Erect clumps, 30cm x 50cm. Fine foliage. Massed small yellow/white daisies all year.
<i>Brachyscome dentata</i>	Lobe-seed Daisy	Spreading 30-60cm, attractive yellow flrs becoming white Sp-S. Full sun, well drained
<i>Brachyscome diversifolia</i>	Tall Daisy	Rare in Melbourne. Showy large white daisy flrs Sp- S. Sun, semi-shade.
<i>Brachyscome graminea</i>	Grass Daisy	Grass-like plant, 30cm x 30cm. Bright green foliage. White daisy flrs Sp- S. Sun.
<i>Brachyscome multifida</i>	Cut-leaf Daisy	Spreading 30-60cm. Profuse mauve daisies Sp-Aut. Sun, semi-shade.
<i>Brunonia australis</i> *	Blue Pincushion	Herb, 30cm x 10-30cm. Tiny rosettes of leaves. Beautiful blue pincushion flrs Sp-S.
<i>Calocephalus lacteus</i>	Milky Beauty-heads	Spreading suckering plant, 10cm x 1m. Silver/grey foliage. Cream button flrs Sp-S.
<i>Calotis scapigera</i> *	Tufted Burr-daisy	Suckering, spreading to 1m. White or lilac flr-heads Sp-W. Sun, Semi-shade.
<i>Carpobrotus rossii</i> *	Native Pigface	Spreading 1- 2m. Succulent foliage. Showy purple daisy flrs Sp-S. Purplish fruits.
<i>Chrysocephalum apiculatum</i>	Yellow Buttons	Suckering 1-1.5m. Silver foliage. Globular golden button flrs Sp-Aut.
<i>Chrysocephalum semipapposum</i>	Clustered Everlasting	Clumping 50cm x 1m. Green/grey foliage. Clusters of yellow button flrs S-Aut.
<i>Coronidium scorpioides</i>	Button Everlasting	Suckering. 20cm x 80cm. Grey foliage. Yellow button flrs Sp-S. Sun. Clay, loam, sand.
<i>Coronidium aff. scorpioides</i>	Pale Everlasting	Dense, mat forming. 20cm x 60cm. Showy yellow button heads Sp-S. Loam, sand.
<i>Craspedia variabilis</i> *	Common Billy-buttons	Tufted herb, 30cm high. Eye-catching long stems bright yellow globular flrs Sp-S.
<i>Dampiera stricta</i> *	Blue Dampiera	Suckering herb, 30cm x 60cm. Deep blue flrs Sp-S. Sun, semi-shade. Loam, sand.
<i>Dichondra repens</i>	Kidney-weed	Ground hugging herb, 1-2m. Useful lawn substitute. Full Sun, semi-shade, full shade.
<i>Disphma crassifolium</i> ssp. <i>clavellatum</i> *	Rounded Noon-flower	Spreading succulent x 1-2m. Daisy-like bright pink or mauve flrs Sp. Sun, semi-shade.
<i>Einadia nutans</i>	Nodding Saltbush	Scrambling. Clusters of greenish flrs Sp. Full sun. Well drained, sand, loam, clay. Coastal
<i>Eryngium ovinum</i>	Blue Devil	Decorative, 50cm x 40cm; metallic blue flr-heads Sp-S. Sun. Clay, loam, sand.
<i>Euryomyrtus ramosissima</i> ssp. <i>ramosissima</i>	Rosy Baeckea	Attractive fine foliage, matting, erect or spreading plant. 60cm high x 80cm. White to pink flrs, W, Sp-S. Full sun, semi-shade. Moist. sand, loam, clay. Excellent rockery.

<i>Frankenia pauciflora</i> var <i>gunnii</i> *	Common Sea-heath	Attractive. Ground hugging x 1m. Mass tiny pink flrs Sp, S, Aut. Sun, semi shade. Coastal.
<i>Goodenia elongata</i> *	Lanky Goodenia	Dwarf, tufting. 50cm x 1m. Glossy green leaves. Yellow flrs, Sp-S. Sun, semi-shade.
<i>Goodenia geniculata</i>	Bent Goodenia	Dwarf suckering, 10-30cm x 50cm. Yellow flrs Sp-S. Sun, semi-shade. Loam, sand.
<i>Goodenia gracilis</i>	Slender Goodenia	Attractive, erect herb. 50cm x 50cm. Yellow flrs, Sp-S. Sun, semi-shade.
<i>Goodenia lanata</i> *	Trailing Goodenia	Trailing, 50cm-1.5m. Yellow flrs on long stems, Sp-S. Full sun, semi-shade. Extended dry
<i>Helichrysum leucopsidium</i> - see <i>Xerochrysum leucopsiderum</i>		
<i>Helichrysum rutidolepis</i> - see <i>Coronidium scorpioides</i>		
<i>Helichrysum scorpioides</i> - see <i>Coronidium aff. scorpioides</i>		
<i>Hibbertia empetrifolia</i> *	Trailing Guinea-flower	Attractive. 30cm x 1-2m. Dark green foliage. Profusion yellow flrs W-Sp.
<i>Hibbertia fasciculata</i> *	Bundled Guinea-flower	Spreading stems to 30cm. Small rockery. Showy yellow flrs Sp. Sun, semi-shade.
<i>Hibbertia prostrata</i> - see <i>Hibbertia fasciculata</i> var. <i>prostrata</i>		
<i>Isotoma fluviatilis</i>	Swamp Isotome	Matting, suckering x 1m. Blue star flrs Sp-Aut. Sun, semi-shade. Clay, loam, sand.
<i>Kennedia prostrata</i> *	Running Postman	Trailing x 1-2m. Crinkly grey/green leaves. Scarlet pea flrs W-Sp. Sun, semi- shade.
<i>Leptorhynchos squamatus</i> *	Scaly Buttons	Slender stems, 10-30cm x 40cm. Yellow button flr-heads Sp-S. Loam, sand.
<i>Leptorhynchos tenuifolius</i> *	Wiry Buttons	Delicate, wiry stems, 10-30cm x 30cm. Bright yellow buttons Sp-Aut. Sun, semi-shade.
<i>Leucochrysum albicans</i> *	Hoary Sunray	Dense clump 30cm x 30cm. Grey foliage. Yellow papery flrs S-Aut. Sun. Loam, sand.
<i>Leucophyta brownii</i> *	Cushion Bush	Eye-catching silver foliage. Creamy button flrs Sp-S. Sun. Loam, sand. Coastal.
<i>Lobelia alata</i> - see <i>Lobelia anceps</i> *		
<i>Lobelia anceps</i> *	Angled Lobelia	Spreading 30cm x 1.2m. Pale blue fan shaped flrs most of year. Semi-shade, shade. Moist
<i>Mentha australis</i> #	River Mint	Suckering herb. Aromatic foliage. Pale mauve flrs Sp-Aut. Sun, semi-shade. Moist.
<i>Mentha diemenica</i> #	Wild Mint	Aromatic spreading herb. 20cm x 1m. Purplish flrs Sp-Aut. Sun, semi-shade. Moist.
<i>Microseris lanceolata</i> **	Yam Daisy	Tufted herb. 40 x 25cm. Bright yellow daisy flr on long stalk W-Sp. Sun, semi-shade.
<i>Minuria leptophylla</i> *	Minnie Daisy	Dainty, rounded herb. 30cm x 40cm. White daisies, yellow centre Sp-S. Full sun.
<i>Myoporum parvifolium</i> ☞	Creeping Boobialla	Dense, self layering, prostrate x 3m. Profuse white flrs Sp-Aut. Clay, loam, sand.
<i>Pelargonium australe</i> *	Austral Stork's-bill	Clumping 30-60cm x 1m. Soft, round, aromatic foliage. White flrs, reddish/purple Sp-S.
<i>Pelargonium rodneyanum</i> *	Magenta Stork's-bill	Loose clump 30cm x 30-50cm. Showy magenta flrs Sp-S. Sun, semi-shade.
<i>Persoonia chamaeupeuce</i> *☞	Dwarf Geebung	Kinglake area. Striking, 30cm x 1-1.2m. Yellow flrs Sp- S. Sun, semi-shade.
<i>Platylobium formosum</i> - see <i>Platylobium infecundum</i>		
<i>Platylobium infecundum</i> *	Famine Flat-pea	Scrambling, 30cm x 80cm-1m. Large orange-red pea flrs Sp. Sun, semi-shade.
<i>Platylobium obtusangulum</i> *	Common Flat-pea	Trailing, 50-80cm x 80cm-1.2m. Large yellow/red flrs Sp. Sun, semi-shade. Clay, loam.
<i>Podolepis jaceoides</i> *	Showy Podolepis	Tufting, 30cm x 30cm. Showy large golden daisies on tall stems Sp-S.
<i>Ptilotus spathulatus</i> *	Pussy Tails	Attractive, prostrate x 40cm. Single fluffy green-brown flrs Sp-Aut. Sun. Well drained.
<i>Pultenaea pedunculata</i> *	Matted Bush-pea	Dense, matting x 1-1.2m. Orange/yellow pea flrs Sp-S. Sun, semi-shade.
<i>Pycnosorus chrysanthes</i> *	Golden Billy Buttons	Tufting, 30cm x 30cm. Silvery foliage. Bright yellow globular flr-heads Sp-Aut. Sun.
<i>Pycnosorus globosus</i> *	Drumsticks	Clumping 20-30cm x 30cm. Large bright yellow globular flr-head Sp-S. Sun.
<i>Rhodanthe anthemoides</i> *	Chamomile Sunray	Delightful, 20-30cm x 40-60cm. Scented. Papery white daisies/yellow centres W-Sp.
<i>Tetragonia tetragonioides</i> #	Warrigal Greens	Spreading succulent x 2m. Tiny green flrs, green berries. Sp-S. Sun. Loam, sand.
<i>Viola hederacea</i> #	Native Violet	Suckering x 1-2m. White flrs/purple centres, all year. Sun-full shade. Moist to wet.
<i>Wahlenbergia stricta</i> blue*	Tall Bluebell	Suckering, 30-60cm x 1m. Wiry stems. Blue 5-petalled flrs Sp-S. Sun, semi-shade.
<i>Wahlenbergia stricta</i> white*	White Tall Bluebell	Suckering, 30-60cm x 1m. Wiry stems. White 5-petalled flrs Sp-S. Sun, semi-shade.
<i>Xerochrysum leucopsidium</i> *	Satin Everlasting	Erect herb. 40cm x 50cm. White paper daisies, yellow centres long stalks. Sp-Aut.

SMALL SHRUBS under 1 metre

<i>Acacia brownii</i> *☞	Golden Prickly Wattle	Spreading 50cm-1m high x 1-2m. prickly, Golden yellow ball flrs W-Sp. Semi-shade. Dry.
<i>Acacia gunnii</i> *☞	Ploughshare Wattle	Open spreading, 30-60cm x 1-1.4m. Prickly dense foliage, pale yellow balls W-Sp.
<i>Acacia ulicifolia</i> ☞	Juniper Wattle	Needle-like foliage, pale yellow ball flrs Sp-S. Sun, semi-shade. Moist, clay, loam, sand.
<i>Almaleea subumbellata</i> *	Wiry Bush-pea	Erect or trailing habit, 40-60cm x 1-1.2m. Clusters yellow/red pea flrs Sp.
<i>Asterolasia asteriscophora</i> *	Lemon Star-bush	Slender, upright, 80cm x 80cm. Soft hairy leaves. Pale yellow stars in Sp. Semi-shade.
<i>Atriplex cinera</i>	Coast Saltbush	Dense, spreading, 1-2m x 2-3m. White or purplish flrs Sp-Aut. Triangular fruit. Sun. Dry.
<i>Bauera rubioides</i>	Wiry Bauera/Dog Rose	Bushy, 60cm x 60cm. Showy pink flrs most of year. Sun, semi-shade. Clay, loam, sand.
<i>Bossiaea cordigera</i> *☞	Wiry Bossiaea	Beautiful, scrambling 50cm x 1m. Tiny leaves, red new growth. Yellow/red peas Sp.
<i>Calocephalus citreus</i>	Lemon Beauty-heads	Delicate, 20-30cm x 30-50cm. Silver/grey foliage. Yellow button flrs Sp-S.
<i>Correa reflexa</i> var. <i>reflexa</i> *☞	Common Correa	Compact, 60cm x 60cm. Profusion of green bell flrs Aut-Sp. Sun, semi-shade.
<i>Cryptandra amara</i> *	Bitter Cryptandra	Pretty, 30cm x 40cm. Dainty foliage. Clusters of white flrs W-Sp. Sun, semi-shade.
<i>Dillwynia cinerascens</i> *	Grey Parrot-pea	Erect, 70-80cm x 80cm-1m. Clusters of yellow/orange pea flrs Sp. Sun, semi-shade.
<i>Dillwynia glaberrima</i> *	Heath Parrot-pea	Wiry, 80cm-1m x 80cm. Fine foliage. Clusters yellow/red pea flrs Sp. Sun, semi-shade.
<i>Dillwynia phyllicoides</i> *	Small-leaf Parrot-pea	Shrub to 1m. Clusters yellow/red pea flrs Sp. Sun, semi- shade. Loam, sand.
<i>Dillwynia sericea</i> *	Showy Parrot-pea	Shrub to 1m. Profuse orange pea flrs W-Sp. Sun, semi-shade. Sand, loam, clay.
<i>Epacris gunnii</i> *☞	Ace of Spades	Rare in Melb. Erect, 70cm x 40cm. White star flrs along stems most of year.
<i>Epacris impressa</i> *☞	Common Heath	Wiry, 50-60cm x 50cm. Profusion white or pink tubular flrs along stems W-Sp.
Victoria's Floral Emblem		
<i>Epacris obtusifolia</i> *☞	Blunt-leaf Heath	Narrow, upright to 1m. Profuse small white perfumed flrs W-Sp. Sun, semi-shade. Moist.
<i>Grevillea alpina</i> *☞	Mountain Grevillea	Dense, 60cm-1m x 80cm. Showy bright red/yellow flrs W-Sp. Sun, semi-shade.
<i>Hibbertia acicularis</i> *	Prickly Guinea-flower	Low shrub, 30-50cm x 60cm. Bright yellow flrs Sp. Sun, semi-shade. Loam, sand.
<i>Hibbertia obtusifolia</i> *	Showy Guinea-flower	Small, rounded, 50cm x 50cm. Showy large yellow flrs Sp-S. Sun, semi-shade.
<i>Hibbertia riparia</i> *	Erect Guinea-flower	Small 20-50cm x 40-80cm. Golden/yellow flrs W- Sp. Sun, semi-shade. Loam, sand.
<i>Hibbertia sericea</i> *	Silky Guinea-flower	Erect, 50cm x 60cm. Soft green foliage. Bright yellow flrs Sp-S. Sun, semi-shade.

<i>Hovea heterophylla</i> *	Common Hovea	Shrub, 30-60cm x 20-40cm. Mauve/purple pea flrs W-Sp. Semi-shade. Clay, loam, sand.
<i>Hovea linearis</i> - see <i>Hovea heterophylla</i>		
<i>Isopogon ceratophyllus</i> *	Horny Cone-bush	Rounded shrub. Locally rare. Golden yellow flr-heads Sp. Sun. Clay, loam, sand.
<i>Lagenifera stipitata</i>	Blue Bottle-daisy	Herb to 25cm high. Mauve flowerheads Sp-Aut. Full shade to sun. Well drained.
<i>Leucopogon ericoides</i> *	Pink Beard Heath	Shrub, 80cm-x 80cm-1m. Dainty white to pink flrs/pink buds W-Sp. Sun, semi-shade.
<i>Leucopogon virgatus</i> *	Common Beard Heath	Shrub, 40-60cm x 40-60cm. Wiry stems. Clusters of small white flrs W-Sp.
<i>Linum marginale</i> #	Native Flax	Graceful, slender, wiry habit, 30-60cm x 30cm. Pale blue flrs Sp-S. Sun, semi-shade.
<i>Lomatia ilicifolia</i> *	Holly-leaf Lomatia	Neat, 40-60cm x 40-60cm. Holly-like foliage. Fragrant racemes of cream flrs Sp-S.
<i>Olearia myrsinoides</i>	Silky Daisy-bush	Shrub, 50-80cm x 40cm-1m. Dark green foliage/silver below. White daisies Sp-S.
<i>Olearia species affin. Lanuginosa</i> - see <i>Olearia sp.2</i>		
<i>Olearia sp.2</i>	Peninsula Daisy-bush	Rounded, 50cm x 40cm. Silverish foliage. White daisies Sp-S. Sun, semi-shade.
<i>Persoonia juniperina</i> *#	Prickly Geebung	Attractive, 40cm-1m x 50-80cm. Fine bright green foliage. Yellow tubular flrs S-Aut.
<i>Pimelea glauca</i> *	Smooth Rice-flower	Rounded 30-60cm x 30-60cm. Clusters of creamy/white flrs Sp-S. Sun, semi-shade.
<i>Pimelea humilis</i> *	Common Rice-flower	Low clump, 30cm x 40-80cm. Grey foliage. Showy white flr-heads Sp-S.
<i>Pultenaea dentata</i> *	Clustered Bush-pea	A rare plant locally, 50cm-1m x 40-80cm. Yellow/red pea flrs Sp. Sun, semi-shade.
<i>Pultenaea gunnii</i>	Golden Bush-pea	Erect. 80cm-1m x 40-80cm. Profusion yellow-orange/red pea flrs Sp. Semi-shade.
<i>Pultenaea stricta</i>	Rigid Bush-pea	Rare in Melb. 1m x 1m. Showy clusters yellow/red pea flrs Sp. Semi-shade.
<i>Scutellaria humilis</i> *	Dwarf Skull Cap	Very rare, dainty plant 10-15cm high x 30-60cm. White or mauve flrs Sp-Aut. Semi-shade.
<i>Stackhousia monogyne</i> *	Creamy Candles	Pretty herb. Upright stems to 30cm. Aromatic, creamy candles. Sun, semi-shade. Moist.
<i>Tetralthea bauerifolia</i> *	Heath Pink-bells	Attractive, 30 x 30cm. Mauve/purple sweetly scented bells Sp. Semi-shade.
<i>Tetralthea ciliata</i> *	Pink-Bells	Pretty clump. 20-50cm x 30-60cm. Showy pink bell flrs Sp. Semi-shade. Loam, sand.
<i>Velleia paradoxa</i> *	Spur Velleia	Herb 20cm x 20cm wide. Large yellow flrs Sp-S. Sun, part shade. Well drained.
<i>Xerochrysum bracteatum</i> *	Golden Everlasting	Clumping, 80 x 80cm. Bright yellow paper daisy Sp-Aut. Sun, semi-shade.
<i>Xerochrysum palustre</i>	Swamp Everlasting	Erect. 30cm-1m. Golden yellow flr-heads Sp-Aut. Sun, semi-shade. Clay, loam.
<i>Xerochrysum viscosum</i> *	Sticky Everlasting	Showy. 50-80cm x 30-50cm. Bright yellow papery flrs Sp- Aut. Butterfly plant.

MEDIUM SHRUBS 1 - 2 metres

<i>Acacia acinacea</i> *☞	Gold Dust Wattle	Showy. 1.2-2m x 1.5m. Deep golden balls W- Sp. Sun, semi- shade. Clay, loam, sand.
<i>Acacia genistifolia</i> ☞	Spreading Wattle	Open 1.5- 2m x 1.5-2m. Creamy/yellow ball flrs Sp-Aut. Sun, semi-shade. Clay, loam.
<i>Acacia myrtifolia</i> ☞	Myrtle Wattle	Upright 1.5-2m x 1-1.5m. Pale yellow flrs W-Sp. Sun, semi-shade. Clay, loam, sand.
<i>Acacia suaveolens ssp. suaveolens</i> ☞	Sweet Wattle	Open 1.5-2m x 1.5-2m. Bluish/green foliage. Fragrant pale yellow balls Aut-Sp.
<i>Allocasuarina paludosa</i>	Swamp Sheoak	Bushy, slender. 1.5-2m x 1-1.3m. Russet flrs Aut-Sp. Sun, semi-shade. Clay, loam, sand.
<i>Alyxia buxifolia</i> *☞	Sea Box	Dense, spreading 1-2m high x 1-3m. Scented white flrs/orange center Sp-S. Full sun, Dry.
<i>Aotus ericoides</i> *	Common Aotus	Fast growing, showy, 1.2m x 50cm-1.2m. Clusters red/yellow pea flrs Sp-S. Sun, shade.
<i>Calytrix tetragona</i> *	Common Fringe-myrtle	Attractive 1-1.5m x 1-1.5m. Profuse white star flrs in Sp. Sun, semi-shade.
<i>Cassinia arcuata</i>	Drooping Cassinia	Upright 2 x 1-1.5m. Spicy scented foliage. Arching sprays brownish flrs Sp-S.
<i>Coprosma hirella</i> *	Rough Coprosma	Understorey shrub 1-2m high, Greenish clusters flrs Sp, Red-orange berries. Sheltered.
<i>Correa alba var. alba</i> ☞	White Correa	Dense rounded 1-1.5m x 2m. Oval grey foliage. Profusion white star flrs Sp-Aut.
<i>Correa glabra</i> ☞	Rock Correa	Attractive. 1.2-1.8m x 1.2-2m. Deep green, shiny leaves. Green bell flrs Aut-Sp.
<i>Daviesia latifolia</i>	Hop Bitter-pea	Erect 1.5-2m x 1-1.5m. Greyish leaves. Sprays of yellow/burnt orange flrs Sp.
<i>Daviesia leptophylla</i>	Narrow-Leaf Bitter-pea	Open. 1-1.5m x 1-1.5m. Dark green leaves. Yellow/red pea flrs Sp. Sun, semi-shade.
<i>Dodonaea viscosa ssp. cuneata</i> ☞	Wedge-leaf Hop-bush	Dense 2 x 2m. Tiny flrs Sp. Red/brown fruits. Sun, semi-shade. Clay, loam, sand.
<i>Goodenia ovata</i>	Hop Goodenia	Spreading 1-1.5m x 1.5-2m. Yellow flowers Sp-S. Sun, semi-shade. Clay, loam, sand.
<i>Grevillea sp. aff. rosmarinifolia</i> *☞	Rosemary Grevillea	Bushy 1.2-1.8m x 1.2-1.8m. Red/cream W-Sp. Sun, semi-shade. Clay, loam.
<i>Hakea teretifolia ssp. hirsuta</i> *☞	Dagger Hakea	Prickly 1.5-2m x 1.5-2m. Scented white flrs Sp-S. Sun, semi-shade. Clay, loam, sand.
<i>Indigofera australis</i> ☞	Austral Indigo	Open 1-2m x 1.5-2m, racemes pink-lilac pea flrs W-Sp. Sun, semi-shade.
<i>Lasiopetalum baueri</i> *	Slender Velvet-bush	Bushy 1m x 1.5m. Grey foliage, rusty new growth. Clusters cream/pink flrs in W-Sp.
<i>Leptospermum myrsinoides</i>	Silky Tea-tree	Erect, bushy 1.5- 2m x 1.2m. Showy white flrs in Sp. Sun, semi-shade. Clay, loam, sand.
<i>Leucopogon parviflorus</i> *#	Coast Beard Heath	Bushy 1.5-2m x 1.5m. Bearded white flrs/tinged maroon W-Sp. Sun, semi-shade. Sand.
<i>Myoporum petiolatum</i> ☞	Sticky Boobialla	Dense 1.5-2m x 2m. Deep green foliage. White flrs/purple spots Sp. Sun, semi-shade.
<i>Myoporum viscosum</i> - see <i>Myoporum petiolatum</i>		
<i>Olearia glandulosa</i>	Swamp Daisy-bush	Open 1.5-2m x 1.5m. Dark green foliage. White daisies/yellow centre S-Aut. Sun.
<i>Olearia lirata</i>	Snowy Daisy-bush	Soft, open 1.5-2m x 1.2-1.5m. White daisy flrs Sp. Semi-shade. Clay, loam, sand.
<i>Olearia phlogopappa</i>	Dusty Daisy-bush	Dense 1-2m x 1-1.5m. Grey foliage. White daisy flrs W-Sp. Sun, semi-shade.
<i>Olearia ramulosa</i>	Twiggy Daisy-bush	Open 1-1.3m x 1.2m. Fine foliage. Profuse small white daisies Sp-S. Sun, semi-shade.
<i>Ozothamnus obcordatus</i>	Grey Everlasting	Slender 1-1.3m x 60-80cm. Dense clusters yellow flrs Sp-S. Sun, semi-shade.
<i>Pimelea axiflora</i> *	Bootlace Bush	Graceful, open, arching habit to 2m. Clusters cream flrs Sp. Semi-shade, full shade.
<i>Pimelea flava</i> *	Yellow Rice-flower	Erect open 1-1.5m x 80cm. Bright green foliage. Clusters yellow flrs Sp. Semi-shade.
<i>Pomaderris paniculosa ssp. paralia</i>	Coast Pomaderris	Bushy 1.3- 1.5m x 1.5m. Soft, oval green foliage. Cream flrs Sp. Sun, semi-shade.
<i>Pultenaea daphnoides</i>	Large-leaf Bush-pea	Erect open 1.3m-2m x 1-1.5m. Clusters yellow/brown pea flrs Sp. Semi-shade.
<i>Pultenaea forsythiana</i> *	Prickly Bush-pea	Rare in Melb. 1.5m x 1.5m. Showy, fragrant yellow/red pea flrs Sp. Semi-shade.
<i>Pultenaea hispidula</i> *	Rusty Bush-pea	Graceful, weeping 1-1.5m x 1-1.5m. Soft foliage. Yellow pea flrs Sp. Semi-shade.
<i>Pultenaea juniperina</i> var. <i>mucronata</i> - see <i>Pultenaea forsythiana</i> *		

All tubes are \$2.95 except those marked with * which are \$3.95 each. Total price including GST.

Bushfood plants
 ☞ Bird attracting plants

<i>Pultenaea scabra</i> *	Rough Bush-pea	Bushy 1.3-2m x 1-1.5m. Dark green foliage. Orange/yellow pea flrs Sp. Semi-shade.
<i>Pultenaea weindorferi</i> *	Swamp Bush-pea	Upright 1.2m x 80cm. Yellow flrs, orange/red centre Sp. Sun, semi-shade. Moist or dry.
<i>Rhagodia candollaena</i> ssp. <i>candollaena</i>	Seaberry Saltbush	Dense, scrambling coastal succulent shrub 1.5m x 2m. Dark red berries Aut. Full sun.
<i>Rhagodia parabolica</i> ☞	Fragrant Saltbush	Rare. Upright. 1.5-2m x 1.5m. Greyish foliage. Fragrant white flrs S. Red berries.
<i>Ricinocarpus pinifolius</i> *	Wedding Bush	Open 1-1.5m x 1-1.5m. Showy, fragrant white flrs Sp. Sun, semi-shade. Loam, sand.
<i>Senna artemisioides</i> ssp. <i>filifolia</i> *	Desert Cassia	Attractive 1-1.5m x 1-1.5m. Green foliage. Bright yellow flrs W-Sp. Sun. Loam, sand.
<i>Spyridium parvifolium</i>	Australian Dusty Miller	Dense 1.5m x 1.2-1.5m. Soft green, oval leaves. White flrs creamy/grey bracts W- Sp.

LARGE SHRUBS 2 - 5 metres

<i>Acacia stricta</i> ☞	Hop Wattle	Upright 2-3m x 1.5-2m. Grey foliage. Lemon ball flrs W-Sp. Sun, semi-shade.
<i>Acacia verticillata</i> ☞	Prickly Moses	Prickly 2-3m x 2-3m. Lemon rod flrs W-Sp. Sun, semi-shade. Good bird habitat.
<i>Banksia marginata</i> **☞	Silver Banksia	Attractive, dense 2.5-3m x 2-3m. Silvery foliage. Showy yellow candles S-Aut.
<i>Banksia spinulosa</i> var. <i>cunninghamii</i> *☞	Hairpin Banksia	Bushy 2.5-4m x 2-4m. Large flr spikes honey-coloured/black styles Aut-W.
<i>Bedfordia arborescens</i>	Blanket Leaf	Open 3-5m x 2-4m. Small yellow daisy flrs Sp-S. Semi-shade. Clay, loam, sand.
<i>Bursaria spinosa</i> *	Sweet Bursaria	Slender 2-4m x 2-3m. Prickly branches. Fragrant cream flrs S. Butterfly attracting.
<i>Callistemon sieberi</i> *☞	River Bottlebrush	Dense, arching 2-4m x 2-3m. Cream bottlebrushes Sp-S. Sun, semi-shade.
<i>Coprosma quadrifida</i> **☞	Prickly Currant-bush	Upright 2-2.5m x 1-1.5m. Dainty foliage/spines. Small greenish flrs Sp. Red fruits S.
<i>Goodia lotifolia</i> ☞	Golden-tip	Erect, open 2-4m x 2-3m. Pea flrs yellow/red blotches Sp. Sun, semi-shade.
<i>Hakea decurrens</i> ssp. <i>physocarpa</i> ☞	Bushy Needlewood	Dense, prickly 2.5-4m x 1.5-2.5m. White flrs W-Sp. Sun, semi-shade. Bird habitat.
<i>Hakea nodosa</i> ☞	Yellow Hakea	Bushy 2-3m x 2-3m. Yellow flrs clustered along stems Aut-W. Sun, semi-shade.
<i>Hakea ulicina</i> ☞	Furze Hakea	Erect 2.5-3m x 1-2.5m. Clusters white flrs W-Sp. Sun, semi-shade. Clay, loam, sand.
<i>Kunzea ericoides</i> - see <i>Kunzea</i> sp.		
<i>Kunzea</i> sp.☞	Burgan	Graceful, weeping 3-4m x 3-4m. White flrs Sp-S. Sun, semi-shade. Clay, loam, sand.
<i>Leptospermum continentale</i>	Prickly Tea-tree	Erect 3-4.5m x 3-4.5m. Profuse white flrs Sp-S. Sun, semi-shade. Bird habitat.
<i>Leptospermum grandifolium</i>	Mountain Tea-tree	Erect, dense 3- 4m x 2-3m. Attractive foliage. Large white flrs Sp-S.
<i>Leptospermum lanigerum</i>	Woolly Tea-tree	Dense 3-4.5m x 1.5-3m. Grey foliage. Fragrant white flrs Sp-S. Clay, loam, sand.
<i>Lomatia fraseri</i> *	Forest Lomatia	Attractive, bushy 2.5-4m x 2-4m. Showy cream spider flrs S. Semi-full shade.
<i>Lomatia myricoides</i> *	River Lomatia	Rounded 3-5m x 2-4.5m. Showy, fragrant cream flrs S. Semi-full shade.
<i>Melaleuca squarrosa</i> ☞	Scented Paperbark	Papery bark 3-5m x 1.5-3.5m. Fragrant, creamy/yellow bottlebrush flrs Sp-S.
<i>Myoporum insulare</i> #☞	Coast Boobialla	Bushy 3-4.5m x 3-4.5m. White flrs W-Sp. Fleshy fruits. Sun, semi-shade.
<i>Myrsine howittiana</i> *	Muttonwood	Pyramidal 2-5m x 2-4m. Glossy, leathery leaves. Greenish flrs W-Sp. Semi-shade.
<i>Olearia argophylla</i>	Musk Daisy-bush	Rounded 3-5m x 3-5m. Large dark green leaves, silver underneath. White flrs Sp-S.
<i>Pittosporum bicolor</i> *☞	Banyalla	Upright 3-5m x 2-4m. Deep green foliage. Fragrant, yellow bell shaped flrs Sp.
<i>Pomaderris aspera</i>	Hazel Pomaderris	Attractive 2.5m x 2.5m. Soft leaves/rusty new growth. Clusters bright yellow flrs Sp.
<i>Pomaderris elliptica</i> *	Smooth Pomaderris	Rare in Melb. Rounded 2-4m x 2-3m. Large clusters yellow flrs Sp. Sun, semi-shade.
<i>Pomaderris lanigera</i> *	Woolly Pomaderris	Uncommon in Melb. Attractive 2-3m x 2-3m. Clusters large bright yellow flrs Sp.
<i>Prostanthera lasianthos</i> var. <i>lasianthos</i>	Victorian Christmas Bush	Upright 3-5m x 2-3m. Aromatic foliage. White flrs/purple markings S. Semi-shade.
<i>Prostanthera melissifolia</i>	Balm Mint-bush	Dense 2-3m x 1-2m. Aromatic foliage. Profuse, showy mauve flrs Sp. Semi-shade.
<i>Rapanea howittiana</i> - see <i>Myrsine howittiana</i>		
<i>Viminaria juncea</i>	Native Broom	Slender 3-4.5m x 2-3m. Pendant sprays light yellow flrs Sp-S. Sun, Semi-shade.
<i>Zieria arborescens</i> *	Stinkwood	Erect 2.5-3m x 2-3m. Aromatic foliage. Small white flrs Sp. Semi-full shade.

TREES

<i>Acacia dealbata</i> ☞	Silver Wattle	Smooth trunk 8m x 6-8m. Greyish ferny foliage. Bright yellow ball flrs W-Sp.
<i>Acacia implexa</i> ☞	Lightwood	Upright 6-9m x 5-8m. Sickle-shaped leaves. Perfumed pale yellow ball flrs S-Aut.
<i>Acacia leprosa</i> - see <i>Acacia stictophylla</i> ☞		
<i>Acacia mearnsii</i> ☞	Black Wattle	Attractive 10-15m x 7-10m. Ferny foliage. Pale yellow balls Sp-S. Used for dying.
<i>Acacia melanoxylon</i> ☞	Blackwood	Dense canopy 8-12m x 8m. Pale yellow balls W-Sp. Timber tree used for furniture.
<i>Acacia pycnantha</i> ☞	Golden Wattle	Australia's floral emblem. 5-8m x 3-5m. Bright golden balls W-Sp. Sun, semi-shade.
<i>Acacia stictophylla</i> ☞	Dandenong Ranges Cinnamon Wattle	Graceful, weeping 5-8m x 3-5m. Cinnamon-scented foliage. Lemon ball flrs W-Sp.
<i>Allocasuarina littoralis</i> ☞	Black Sheoak	Dark deeply furrowed bark 5-7m x 3-5m. Sun, semi-shade. Clay, loam, sand.
<i>Allocasuarina verticillata</i> ☞	Coast Sheoak	Erect, dense canopy. Dark furrowed bark. 5-7m x 3-5m. Weeping greyish foliage.
<i>Atherosperma moschatum</i> *	Southern Sassafras	Dense, conical. Aromatic bark/leaves. 3-5m x 2-3m. Perfumed cream flrs Aut-W.
<i>Banksia integrifolia</i> *☞	Coast Banksia	Erect 6-8m x 3-5m. Dull green foliage silver underneath. Yellow flr spikes S-W.
<i>Eucalyptus camaldulensis</i> ☞	River Red Gum	Very large. Smooth grey trunk. Brown/red patches-peeling bark S-Aut. Timber tree.
<i>Eucalyptus cephalocarpa</i> *☞	Mealy Stringybark	Dense, fibrous bark. 7-10m x 4-5m. Grey foliage/silver new growth. Cream flrs Aut-W.
<i>Eucalyptus crenulata</i> *☞	Silver Gum	Rare in Melb. Decorative tree 7-9m x 5-8m. Attractive, small silvery-grey foliage.
<i>Eucalyptus dives</i> ☞	Broad-leafed Peppermint	Dense. Grey fibrous bark. 6-9m x 3-5m. Highly aromatic foliage. Cream flrs Sp-S.
<i>Eucalyptus goniocalyx</i> ☞	Long-leafed Box	Rounded crown. 8-12m x 4-6m. Long strappy green leaves. Cream flrs Aut-W.
<i>Eucalyptus leucoxylon</i> ssp. <i>connata</i> ☞	Melbourne Yellow Gum	Beautiful smooth white-trunk. 6-8m x 4-6m. Profuse cream flrs W-Sp.
<i>Eucalyptus macrorhyncha</i> ☞	Red Stringybark	Deep fibrous bark, trunk reddish-brown. 7-10m x 3-5m. Clusters white flrs S-Aut.

All tubes are \$2.95 except those marked with * which are \$3.95 each. Total price including GST.

Bushfood plants
 ☞ Bird attracting plants

<i>Eucalyptus melliodora</i> ☞	Yellow Box	Fibrous bark. 7-10m x 3-5m. Fragrant white flrs Sp-S. Excellent honey tree.
<i>Eucalyptus obliqua</i> ☞	Messmate	Dense canopy. Deep fibrous bark. 7-10m x 4-7m. Profuse white flrs S.
<i>Eucalyptus ovata</i> ☞	Swamp Gum	Rough bark/smooth white upper branches. 7-10 x 3-6m. White flrs Aut-W. Koala food.
<i>Eucalyptus pauciflora</i> * ☞	Snow Gum	Smooth white trunk/often crooked. 6-8m x 4-6m. Grey foliage. Flrs white Sp-S.
<i>Eucalyptus polyanthemus</i> ssp. <i>vestita</i> ☞	Red Box	Scaly grey bark. 7-9m x 4-5m. Attractive rounded grey/green leaves. White flrs Sp.
<i>Eucalyptus pryoriana</i> - see <i>Eucalyptus viminalis</i> ssp. <i>pyroriana</i> * ☞		
<i>Eucalyptus radiata</i> ☞	Narrow-leaved Peppermint	Fibrous grey bark. 7-9m x 4-6m. Peppermint-scented foliage. Clusters white Sp-S.
<i>Eucalyptus regnans</i> * ☞	Mountain Ash	Fibrous bark/smooth grey above, shred ribbons. 25m x 15m. Large gardens/parks.
<i>Eucalyptus rubida</i> ☞	Candlebark	Majestic tall trunk. Smooth grey bark, reddish patches, sheds in strips. Flrs white S.
<i>Eucalyptus tricarpa</i> * ☞	Red Ironbark	Ornamental, black deeply-furrowed fibrous trunk. 6-8m x 3-5m. Cream flrs W-Sp.
<i>Eucalyptus viminalis</i>	Ribbon Gum	Tall. Straight white trunk/bark shed long ribbons. 10-15m x 4-7m. Koala food.
<i>Eucalyptus viminalis</i> ssp. <i>pyroriana</i> * ☞	Coast Manna-gum	Fibrous bark, crooked smooth grey trunk. 6-8m x 4-6m. White flrs Aut. Koala food.
<i>Melaleuca ericifolia</i>	Swamp Paperbark	Dense. Creamy papery bark. 4-7m x 2.5-4m. Cream scented flr spikes Sp.
<i>Melaleuca lanceolata</i>	Moonah	Dense. Grey-blackish bark. 4-6m x 2-3m. Cream flr spikes. S-Aut. Sun, semi-shade.

ORCHIDS

Prices as marked.

Varying pot sizes available.

Pterostylis nutans

Terrestrial orchids are available approximately May-September. Enquire during this period for specific species available.

Nodding Greenhood

Rosettes of 3-6 dark green leaves. Translucent nodding green flrs/green stripes Aut-Sp. Dormant over S.

FERNS

Prices as marked.

Varying pot sizes available.

Adiantum ethiopicum

Asplenium bulbiferum ssp. *gracillimum*

Asplenium flabelifolium

Blechnum cartilagineum

Blechnum fluviatile

Blechnum minus

Blechnum nudum

Blechnum patersonii ssp. *patersonii*

Blechnum watsii

Calochlaena dubia

Cyathea australis

Cyathea cunninghamii

Dicksonia antarctica

Doodia caudata

Gleichenia dicarpa

Histiopteris incisa

Hypolepis glandulifera

Hypolepis muelleri

Pellaea falcata

Polystrichum proliferum

Pteris tremula

Rumohra adiantiformis

Todea Barbara

Kuranga Native Nursery has a large range of indigenous Ground Ferns and Tree Ferns available throughout the year. These can be found in our fernery.

Common Maidenhair Fern

Wiry ground fern 10-45cm high. Lacy bright green fronds/black stems. Semi-shade, moist, well drained.

Mother Spleenwort

Spreading clump. 20cm-1.2m high x 1m wide. Semi weeping fronds. Epiphytic on treefern trunks, logs. Shade, semi-shade. Moist soil, well drained soil.

Necklace Fern

Ground fern 5-30cm high. Slender bright green fronds. Semi-shade. Well drained.

Gristle Fern

Erect 5cm-1m x 1m. Arching light green fronds/pink new growth. Semi-shade. Moist, well-drained.

Ray water-fern

Spreading rosette fern. 20-40cm high x 50cm-1m. Shade, semi-shade. Moist.

Soft Water-fern

Dense, upright clump. 50cm-2m x 50cm-1m. Sun, semi-shade. Moist to wet.

Fishbone Water-fern

Upright clump 50cm-1.2m x 1m. Dark green fronds. Semi-shade. Moist.

Strap Water-fern

Small clumping fern. 10-50cm high x 40cm. Full to semi-shade. Moist, well drained soil.

Hard Water-fern

Ground fern 1m x spreading. Broad dark green fronds pink/bronze new growth. Semi-shade. Moist.

Rainbow Fern

Erect fern, spreading rhizomes. 50cm-2m high x spreading. Sun to full shade. Moist, clay.

Rough Tree-fern

Tree fern 5-15m. Fibrous trunk, long arching fronds. Some sun once established. Moist.

Slender Tree-fern

Tree fern 10-20m. Slender blackish trunk. Small arching fronds. Protection required. Moist.

Soft Tree-fern

Tree fern 2-15m. Robust brown fibrous trunk. Dark arching fronds. Some sun once established. Moist. Sold as bare trunks in nurseries.

Small Rasp-fern

Coral Fern

Scrambling 1-1.2m. Wiry light green fronds. Sun, semi-shade. Cold roots required. Moist

Bat's Wing Fern

Downy Ground-fern

Harsh Ground Fern

Creeping 50cm-1.2m. Large dark green fronds on slender stems. Sun. Moist.

Sickle Fern

Mother Shield - fern

Tufting 1-1.5m x 1-1.5m. Dark green arching fronds. Semi-full shade. Moist.

Tender Brake Fern

Tufting 60cm - 1.2m. Fine lacy light green fronds. Semi-shade. Moist, well drained.

Leathery Shield - fern

Creeping epiphytic. Grows on logs, boulders, tree ferns. Large green fronds. Moist. Fibrous host needed.

King Fern

Tree fern-like 23m x 4m. Arching dark green leathery fronds. Semi-shade. Moist.

All tubes are \$2.95 except those marked with * which are \$3.95 each. Total price including GST.

Bushfood plants
🐦 Bird attracting plants

BUSH FOOD PLANTS IN THIS STOCKLIST ARE MARKED #

Kuranga Native Nursery strongly recommends that detailed advice should be obtained before any parts of any plants are collected, prepared or eaten. Check thoroughly which part of the plant is edible, and at what stage, and whether special treatment is needed to prepare the plant for human consumption. This particularly applies to fruits.

For a list of reference publications, see our free leaflet, *Bush Foods*, obtainable at the information booth.

Kuranga's bookshelf houses many interesting books on bushfood plants, uses, cooking, preparing, collecting, cultivation requirements.

REFERENCE BOOKS ON MELBOURNE'S INDIGENOUS FLORA

Flora of Melbourne - A comprehensive guide to Melbourne's indigenous native flora including descriptions, pictures, locations, distribution, cultivation and propagating information.

Plants of the Mt Evelyn Area - A compact little book with illustrations, descriptions and locations.

Many other indigenous books to specific areas are available in the gift shop from plants of the sandbelt areas of Melbourne to the Brisbane Ranges.

NOTES:
